Congress Centre of the Czech National Bank

EXHIBITION
PROGRAM

Department of Plastic Surgery, Third Faculty of Medicine of Charles University
and the University Hospital Královské Vinohrady, Czech Society of Plastic Surgery
and Society of Aesthetic Surgery

FOREWORD

Dear colleagues and friends,
I would like to invite you to the 40th jubilee of the National Congress of the Czech Society of Plastic Surgery, which will be held from October 29–31, 2020 in the representative halls of the Congress Centre of the Czech National Bank in Prague.

Leading figures of plastic surgery as well as from other medical fields will meet during the Congress. I firmly believe that we will all gain new insights and information, make valuable new contacts and take away interesting knowledge. This is why we have invited both our own specialists as well as unique experts in the field from abroad.

I would like to introduce you to the key points of the programme that await us this year. The afternoon of Thursday, October 29 will be dedicated to hands-on breast surgery procedures. Our invitation was accepted by two well-esteemed figures from this field and mentors Dr. Prof. Marcos Sforza from Great Britain and Dr. Federico Mayo from Spain. Friday, October 30 and Saturday, October 31 will not only be dedicated to lectures from the field of plastic surgery, but also to other contributions of speakers from other fields.

During Friday, the Assembly of Members, the highest body of the Czech Society of Plastic Surgery, will vote on a proposal for new statutes.

I look forward to our meeting, not only in the unique premises of the Bank, but also for pleasantly spent moments during social events in the Cupola of the newly renovated National Museum and at Občanská plovárna (waterside venue and restaurant) in the centre of Prague on the banks of the Vltava River.

For more information on the 40th National Congress of the Czech Society of Plastic Surgery and online registration, please visit the www.kongresplastika2020.cz website.

On behalf of the organising committee from the Clinic of Plastic Surgery of the Third Faculty of Medicine of Charles University and the University Hospital Královské Vinohrady
